VG7ZC MOUNTED ON 5 WELL DROP-IN

VG6B/C-EPS MOUNTED ON 5 WELL DROP-IN

VG5EC MOUNTED ON 5 WELL DROP-IN

Europa is offered exclusively through OEMs (Original Equipment Manufacturers). This elegant, patent-pending, Euro-style series of food protectors by Versa-Gard was developed to be factory-installed. Since OEMs are familiar with NSF2 guidelines and code requirements, the installation is guaranteed to be code compliant. This eliminates the need for on-site installation by a third party and relieves the owner/operator from the hassles associated with protectors mounted in improper locations.

Availability through OEMs offers several distinct advantages:

- One purchase
- One vendor
- One lead time
- One installation to coordinate
- NSF/ANIS 2 compliant

And eliminates:

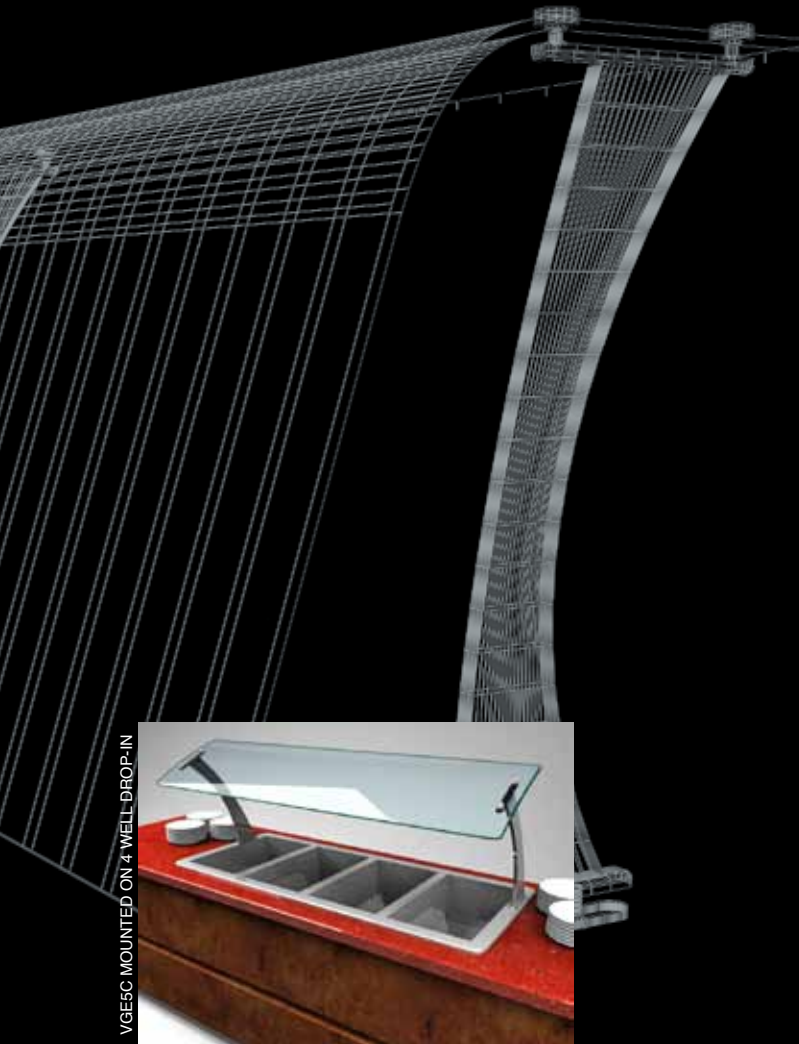

- Costly on-site installation to countertops
- Relocating supports from improper installation
- Patching holes in countertop due to wrong placement

The Europa series was developed to mount directly to the flange of a drop-in assembly, eliminating the need for drilling holes in the countertop surface.

Europa food protectors may also be fastened to a countertop surface with concealed-mount hardware. The supports are through-bolted from the underside of the counter, assuring a clean appearance at every support location.

SERIES

EUROPA SERIES Features:

Bent Tempered Glass Panels - Allows longer spans without need for center support structure.

Modularity - Offers options for intermediate shelving, side panels, and anti-reflective glass.

Multiple Finish Options - Clear Anodized Aluminum, Brushed Aluminum, Powder-Coated Aluminum (Color of your choice.)

Product boasts all the features inherent to **VERSA-GARD®** products

- Easy to Install
- Easy to Clean
- Easy to Disassemble for replacement of parts or add-on components
- One-Year Limited Warranty
- 100% CNC Machined Components - Proudly Made in the USA
- NSF/ANSI 2 Listed
